I authorize my physician, Dr. Lawrence Kass, or any of his designated assistants to take photographs of me at any point in my medical management as is considered necessary for my medical records. If my physician feels the photographs are beneficial to medical research, marketing or education, such photographs and related information may be published and republished in professional journals or medical books, or used for other purposes for allied medical personnel and lay persons. Identifying features may be visible but I shall not be identified by name in any publication.
